Product Description

MOTI DUOPLUS Electronic Cigarette

Introduction

The MOTI DUOPLUS represents the pinnacle of vaping innovation, designed to provide an unparalleled vaping experience that is both sophisticated and user-friendly. It embodies the essence of modern vaping with its sleek design, advanced technology, and a commitment to delivering the purest flavours and the most satisfying clouds.

Key Features

Sophisticated Design: The MOTI DUOPLUS features a smart display that offers real-time feedback on battery life, power output, and e-liquid levels, ensuring you're always in control.

Customisable Power Settings: With dual wattage control adjustable between 11 and 20 watts, the DUOPLUS allows for a tailored vaping experience, catering to both subtle and intense preferences.

Versatile Airflow System: An adjustable airflow system enables a smooth transition between RDL and MTL vaping styles, accommodating a variety of smoking habits.

Convenient Charging: The ability to vape while charging ensures that your device is always ready to go, eliminating downtime and enhancing your vaping journey.

Intelligent Temperature Control: An intelligent MCU chip ensures optimal performance at every power level, reducing condensation and maintaining the highest quality throughout your vaping session.

Dual Mesh Atomization Module: This innovative feature ensures consistent and efficient vapor production, whether you're in Boost mode at 20 watts or Normal mode at 11 watts.
