Our Product Introduction

Product Description

MOTI TRIPRO Electronic Cigarette

Product Overview

The MOTI TRIPRO electronic cigarette is a state-of-the-art vaping device crafted for a luxurious vaping experience. It boasts a range of sophisticated features and an elegant design, delivering a vaping session that is truly second to none.

Key Features

Bluetooth Connectivity: Users can connect MOTI TRIPRO with their smartphones via Bluetooth for additional smart features.

ion

Touch Screen Interface: Equipped with an interactive HD touch screen, users can customize their experience through swiping and tapping.

Music Synchronization: MOTI TRIPRO can synchronize with music, allowing users to enjoy their favorite tunes while experiencing matched vaping flavors.

Remote Camera Control: MOTI TRIPRO can serve as a remote shutter button for cameras, ensuring no memorable moments are missed.

More Surprise Features: MOTI TRIPRO also offers features like notifications, games, calls, and more, helping users balance work, leisure, and life.

Innovative Technology: MOTI TRIPRO employs the latest technologies, including an MCU variable frequency chip and an RC4 encryption chip. These record the "birth information" of each pod, and automatically adjust the power based on the sweetness, coolness, concentration, and other characteristics of different pods, providing the best temperature solution to unleash the unprecedented amazing taste of the pods.

L**arge Capacity Battery and Fast Charging Design:** MOTI TRIPRO comes with an 800mAh large capacity battery and supports 4C fast charging, allowing it to be fully charged in just 30 minutes, offering longer battery life.

Extra Large Pod Capacity: The pod capacity of MOTI TRIPRO has been upgraded to 3.0mL, a 50% increase compared to previous models, providing users with a more enduring vaping experience.

Screen Interaction: For the first time, MOTI TRIPRO brings a screen to small vape devices, displaying real-time information such as battery capacity, pod flavor information, pod remaining quantity, and drawing mode, leading consumers into the digital age of vaping experience.
