Product Description

ELFBAR SWAP10000 EN Electronic Cigarette

Product Overview

Discover the pinnacle of vaping innovation with the ELFBAR SWAP10000 EN, a state-of-the-art e-cigarette that fuses intelligent design with user-centric features. This device boasts a top-bottom magnetic design, a dual heating wire system for switching between 9W and 14W modes, and a pre-filled 12ml e-liquid capacity with a high nicotine concentration of 50mg/mL. The SWAP10000 EN is engineered to deliver up to 10000 puffs, offering a long-lasting vaping experience that's both satisfying and economical.

Key Features

Our Product Introduction

- Portable Design:** With a compact size of 95.0 × 48.0 × 22.5 mm, it's easy to carry and use on the go.
- Generous E-Liquid Capacity:** A 12 ml e-liquid capacity ensures a longer vaping experience with fewer refills.
- Long-lasting Battery Life:** A 650mAh battery supports up to 10000 puffs, catering to daily vaping needs.
- High Nicotine Satisfaction:** A 50mg/mL nicotine strength provides a powerful hit for those seeking a more intense vaping experience.
- Dual Power Modes:** Dual coil design with 9W and 14W modes allows for personalized vaping preferences.
- Smart Display:** Real-time display of e-liquid levels and battery life, keeping users informed about their device status.
- Dynamic RGB Lighting:** Seven-color RGB lights activate during use or charging, enhancing the visual experience and device interactivity.
- Eco-Friendly Detachable Design:** Innovative detachable battery design increases product recyclability, aligning with sustainable practices.
- High-Quality Manufacturing:** Made with premium materials to ensure device durability and safety.
- Diverse Flavor Options:** A variety of flavor choices to satisfy different personal taste preferences.

Why Choose Us

Select the ELFBAR SWAP10000 EN for its groundbreaking technology and commitment to user satisfaction. This device stands out with its real-time display screen, showcasing the remaining e-liquid level and battery percentage, ensuring you're always informed about your device's status. The inclusion of dynamic RGB lights enhances the user experience, providing a visual spectacle during use or charging. With its modular design and magnetic suction technology, the SWAP10000 EN not only offers a sleek aesthetic but also supports eco-friendly practices by enhancing battery recyclability. Choose the ELFBAR SWAP10000 EN for a vaping device that's as stylish as it is powerful, and join the forefront of vaping technology.

FEATURES

QUAQ
Powerful Dual Mesh

E-liquid & Battery Display

Multi-function Button

-  Mode Switch **x1 Click**
-  Child Lock **x5 Clicks**

Fast Charging

2x Faster than Regular
Prefilled Pod Kits

SMOOTH

UP TO 10000 PUFFS

TURBO

INTENSE FLAVOR BURSTS

Dynamic RGB Lights

Airflow Inlet

Powerful Dual Mesh

Doubles vaping pleasure with a multi-layered mouthfeel, massive clouds, and explosive flavor bursts.

Dual Mode

Smooth Mode: Delivers up to 10000 puffs of soothing and flavorful clouds at a gentle 9W output.

Turbo Mode: Optimizes power with a 14W output, delivering more intense sensorial hits with richer taste and thicker clouds.

Real-time Display

E-liquid Display: The 4-level indicator provides a quick visual status of the remaining e-liquid, with each bar signifying a 3ml volume.

Battery Display: Provides real-time updates of the battery level in percentage, making it easier to plan and track every vaping session.

Multi-function Button

Lock or switch between 2 vaping modes with ease – a button does it all.

Mode Switch: Smooth or turbo with a single press.

Child Lock: Lock or unlock with 5 quick presses.

Power Up in a Flash

Get vape-ready in no time. The 5V/1A charging current boosts the charging speed 2X faster than regular prefilled pod kits.

Dynamic RGB Lights

A display of 7-color RGB pulsing light activates instantly with every puff, and also when charging.

Airflow Inlet

Intuitively designed to deliver smoother draws and richer flavors so every puff has an indulgent taste sensation.
