Why Choose BEAST PRO 10000

The BEAST PRO 10000 stands out with its generous 18mL e-liquid capacity, allowing vapers to indulge in their favorite flavors for extended periods without the need for frequent refills. With a potent 5% nicotine strength, it caters to those seeking a more intense vaping experience. The750mAh battery ensures that every puff is powerful and that the device lasts through even the longest of sessions.
At the heart of the BEAST PRO 10000 is its innovative dual mesh coil technology, offering two resistance options of 1.2Ω and 0.6Ω, to suit various vaping preferences. This technology, combined with a smart digital display that monitors both battery life and e-liquid levels, provides users with a vaping experience that is both satisfying and informative.
The adjustable airflow design of the BEAST PRO 10000 allows for a customizable vaping experience, effortlessly switching between mouth-to-lung (MTL) and restricted direct-to-lung (RDL) styles. For those seeking an extra boost, the BEAST PRO 10000 offers a Boost Mode that amplifies the flavor of each draw.
Charging is made convenient with the inclusion of a Type-C port, aligning with modern charging standards and ensuring rapid recharging. The BEAST PRO 10000 is not just about power; it's about a balanced blend of performance, convenience, and style, making it the ideal choice for vapers who want the best of both worlds.
